It's disappointing that there's no convenient menu that lets you just browse freebies. Instead, you have to search for your preferred genre, plus the word 'free' (free science fiction, or free history, for example). It works well enough once you know about it, but it's not immediately obvious.

Ben Behind His Voices One

Ben Behind His Voices also reminds professionals in the psychiatric field that every patient who comes through their doors has a life, one that he has lost through no fault of his own. It shows what goes right when professionals treat the family as part of the recovery process and help them find support, education, and acceptance.
