Bikenomics: How Bicycling Can Save the Economy | Microcosm ...
This book offered a fun mental break in between studying these past few days. I've read some of Ely Blue's work in Grist, and much of this book takes up what she writes about online: that bikes are kind of a no-brainer solution when it comes to many of our societal woes, including environmental destruction, mental and physical health issues, the lack of cohesive communities, and our ...

Bikenomics: How Bicycling Can Save The Economy by Ely Blue
This book's subtitle is a vast understatement: Author Ely Blue believes bicycles can also save us from healthcare woes, global warming, the energy crisis, community disintegration, and maybe much more. Bikenomics isn't sci-fi, however. Nor is this fun and fluffy beach or bedtime reading.

Bikenomics: How Bicycling Can Save The Economy ...
My book, Bikenomics: How Bicycling Can Save the Economy, comes out in December, and I'm already getting pushback about the title.It makes a bold claim, alright—our economy is in a bad way. I didn't believe it myself when I first started writing about this topic, but the facts—and my experience—have me convinced.
