Change Service design, interaction design, and experience design are not about the design of physical objects: they require minimal skills in drawing, knowledge of materials, or manufacturing. In their place, they require knowledge of the social sciences, of story construction, of back-stage operations, and of interaction.

Change - Don**

Norman

- (1) Permanence is more real than change.
- (2) Human nature remains essentially the same.
- (3) The good life -- the life that is fit for men to live -- remains essentially the same.
- (4) Moral principles remain essentially the same.
- (5) Hence, the education that men receive should remain
