John Engine Specifications - Agspares

The 4239 engine has a keyed injection pump shaft and gear. This times the pump to the front gear train and timing is not big issue as it is on the pumps that have no key. Just turn engine to TDC and remove the front cover over the injection pump gear, remove the nut on the injection pump

shaft,...

John Deere 4239 engine - Yesterday's Tractors

The John Deere 4230 was the Generation II replacement for the popular 4020. A row-crop tricycle front-end was an option on the 4230. Along with the smaller 4030, this was the final tractor from the Deere's Waterloo factory to have a tricycle option.
