The Physics of Wall Street: A Brief History of Predicting the Unpredictable by James Owen

## Online Library The Physics Of Wall Street A Brief History Of Predicting The Unpredictable By Weatherall James Owen 2013

Weatherall was an interesting exploration of the history of probability, economics, and physics and how scholars in all those fields have crossed discipline lines and collaborated to understand and predict economic forces. I especially enjoyed how the author gave the back story for each of the people he highlighted.
